

STUDY QUESTIONS
Walk The Path – Being a Disciple

This weekend we'll be opening up God's Word discovering what it means to be a true disciple.

Think about how Jesus spent his time... if we are called as his disciples to spend our time like he spent his, how does your day line up?

What is keeping you from spending time the way Jesus spent his time?

How present are you to those around you? Are you distracted by your phone? Always in a hurry to get to the next thing? What would it take for you to be fully present to the people you are with?

Are there changes you need to consider? Would you commit to being held accountable by your small group, and will you commit to holding them accountable?
